

Swallowtail Sweep

INSTRUCTIONS: Ohio is home to six species of swallowtail butterflies: pipevine, zebra, black, giant, spicebush, and eastern tiger! Each of these butterflies is hidden in a Fairfield County Park District location. Can you find all of them? Visit at least 6 of the parks listed before September 30. Once at your chosen site, first go to the front kiosk and Read the instructions. Use the instructions to find the swallowtail. Once found, use the drawings below to identify the butterfly and draw a line from that butterfly to the park in which it was found.

Earn prizes for finding six or more!

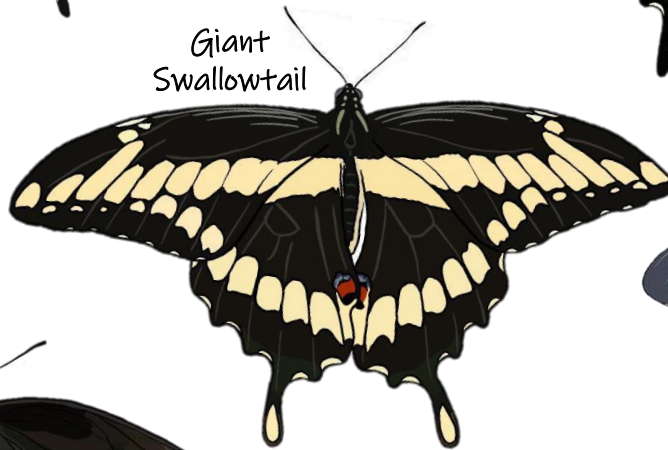

Eastern Tiger Swallowtail (yellow form)

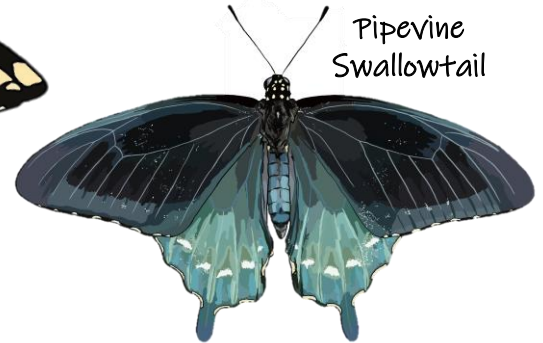

Eastern Tiger Swallowtail (black form)

We have hidden the eastern tiger twice since it has two color forms, the black and yellow!

Giant Swallowtail

Pipevine Swallowtail

Spicebush Swallowtail

Zebra Swallowtail

Black Swallowtail
